YOUR COMMENTS ON THE CASE

Please provide your representation below.

I wish to object to the appeal by GP Energy Ltd on the following grounds:

1) There will be too many vehicles involved in this proposal for the available roads.
2) There is a very serious risk to ground water being contaminated.
3) How will the contaminated waste water be safely disposed of?
4) How will the test sites be looked after when the test has ended?
5) The test site is very close to a major residential area and will cause a blight, possibly reducing the value of houses with the possibility of compensation claims arising.
