Proposed Landings/Footpaths

Gravel options

Breedon Hoggin buff colour

Breedon Golden Gravel Application: Caernarfon Castle

Proposed Gabion Retaining Walls

*Indicative images - high quality gabion baskets faced in Cefn sandstone (or similar)**

* *High Quality Gabion Retaining Wall only where required (to be determined in detailed design)*

- *Basket wire gaugue selected to minimise visual impact*
- *Basket construction considered to ensure no 'snagging points' near users*
- *Faced in Cefn stone (or similar), infil can be other*
- *Facing stone carefully placed and well packed (roughly 'coursed') to give impression of dry stone wall*
