Description of Proposed Works

Please describe the proposed works

to create two new lanscaped levels 10 ft deep by 18ft wide on an existing very sloped area. the purpose of this is to create a more user friendly garden and safer areas to enjoy .also there have been issues with the existing garden walls due to subsidence and they have been replaced with better structures..the ground has been dug out and concrete filled with block walls built containing rebar ..the walls are 4ft high and match the existing walls in no2 bryhyfryds garden and no higher..the two areas are also the same size as no 2 to keep them in line with whats already there...we have created the new garden to match no 2 and no3 ...the block walls will be cladded with sand stone so as to match the gardens either side of the property therefore hiding the block and making them blend in...once roses or shrubs have been planted the walls will look like they have been their for 50 years..on the other side of the property tho two neighbouring propeeties have stone walls running the entire length of the gardens on almost the designs...we have only matched what is already existing on either side of no1 brynhyfryd
