Revisions/ Notes

All critical dimension to be checked on site

Further investigation may be needed to show the full extent of the drainage on site

Only trees with a bole diameter of 300mm or greater have been surveyed

Groups of trees are shown as a canopy symbol

Walls/ fences shown on the survey do not necessary represent legal boundaries

The majority of fences were dilapidated so they should be used a guide only

Large parts of the site were extremely overgrown and therefore inaccessible so some detail may have been missed in these areas

Survey 201103-07-DP (2020)

Survey 04/MG/2635-B (2014) Not Updated
