## Description of Proposed Works

Please describe the proposed works

Retrospective application for - Proposed new fence to the South and East boundaries of the site. Fence replaces a fence of similar height which had become rotten, unsightly, and dangerous. The height of the fence from adjacent property garden levels has not been changed and is 2.150 metres. The height of the fence from within the site is approx 2.5 metres due to the site being levelled off. Serious overlooking from adjacent properties to the south and east would be possible if the top of the fence was reduced in height. The only issue regarding the height of fence in excess of 2 metres is within the site itself which has no detrimental impact on adjacent properties whatsoever. The application is to retain the fence as installed in order to maintain privacy within the site with no impact on adjacent properties.

Has the work already been started without planning permission?

- [x] Yes
- [ ] No

If Yes, please state when the development or work was started (date must be pre-application submission)
