Construction Traffic Management Plan

Project Details

Start of Work: September 2024

Location: Frondeg, Glyn Ceiriog, LL20 7NW

Scope of Work: Demolition of 1 Frondeg, and amalgamation and extension of 2 & 3 Frondeg, with access works and parking space creation.

Hours/Days of Work: 8am – 5pm / Monday – Friday

Compiled by: Reilly's Building Services Ltd

Fiona Grant

Contractor Parking:

Are there enough parking places for vehicles and are they used? – **Yes** – During construction works parking will be on the site adjacent to the properties, not on the highway. Additional parking, should it be required, is available on a private yard on Llanarmon Road, Glyn Ceiriog, below the development site.

Unloading of Materials:

Will unloading of materials take place on the highway? – **No –** unloading of materials will take place on the private track access to the property.

Information, Training & Supervision:

Have workers received site specific training and information on traffic hazards, speed limits, parking and loading areas? – **Yes** – verbally by contractor supervisor.

Is information and instruction about safe movement around the workplace provided to visitors and external delivery drivers? – **Yes** – verbally by contractor supervisor.

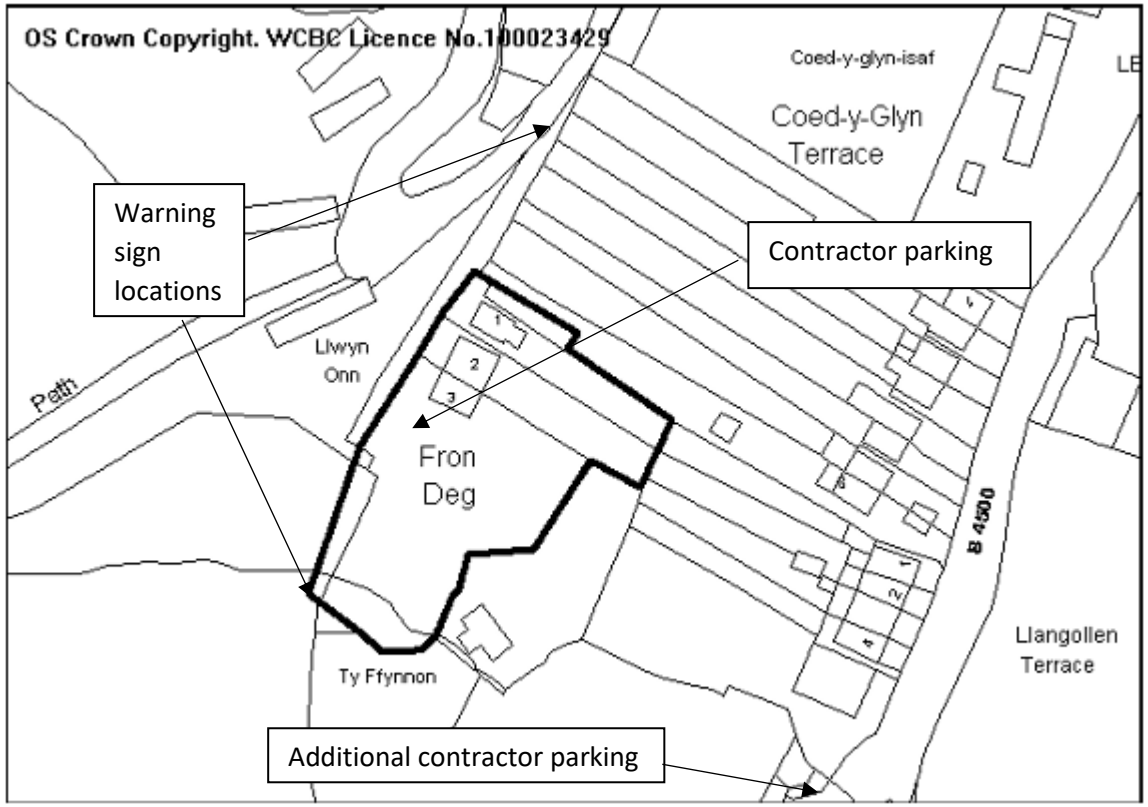

PPE: Is PPE like high visibility clothing provided and used where necessary? - **Yes**

Pedestrians:

Warning Signs - Are there clear warnings of powered mobile plant hazards? – **Yes** – signs at both access points for public right of way (Llansantffraid Glyn Ceiriog public footpath 17) and track access to property.

Warning Devices - Are flashing lights, sensors and reversing alarms installed on powered mobile plant? – **Yes**

Is there sufficient space for vehicles to safely pass any pedestrians using the public right of way – **Yes** – the width of the track is sufficient to allow safe passing, and there are additional, inset, safe refuge points. When necessary, a banksman will supervise machinery movement.
