Dear Sir/Madam

Grid Ref: SJ270426 327086 342688
Site: Former J C Edwards Brickwork Site, Llangollen Road, Trevor, Llangollen, Wrexham
Development: Change of use of land to community amenity space including repair of existing boundary wall.

We refer to your planning consultation relating to the above site, and we can provide the following comments in respect to the proposed development.

We would request that if you are minded to grant Planning Consent for the above development that the **Conditions and Advisory Notes** provided below are included within the consent to ensure no detriment to existing residents or the environment and to Dwr Cymru Welsh Water's assets.

It appears the applicant does not propose to connect to the public sewer, we therefore have no further comments regarding sewerage. However, should circumstances change and a connection to the public sewerage system/public sewage treatment works is preferred we must be re-consulted on this application.

Conditions

No surface water and/or land drainage shall be allowed to connect directly or indirectly with the public sewerage network

Reason: To prevent hydraulic overloading of the public sewerage system, to protect the health and safety of existing residents and ensure no pollution of or detriment to the environment
