5. Biodiversity enhancements

The enhancements do not need to be directly attached to the proposed new construction; they can be attached to the host dwelling or placed within the garden, but they do need to be on land within the red or blue line. The principle is that the enhancements should lead to a 'net benefit' for biodiversity.The following biodiversity enhancements have also been added:

√	Measure	Plan	Details
	Boxes..		
√	SCHWELGAR 1SP NEST BOX SPARROW TERRACE In GREY	2024/EW/01/P	See Plan
	Hedgerow. Total new or restored length.	Submit plan of location.	Calculate number of each species using information in the guidance above. Ensure that you can easily purchase the species proposed.
	n/a
