- Geraint Roberts Associates 'Heritage Impact Assessment relating to the Remodelling and Refurbishment of the Wrexham Markets', dated August 2022;
- AEON Archaeology 'Written Scheme of Investigation for Archaeological Watching Brief' (ref: V2.0 - A.0372.1), dated June 2022.

3. Prior to the installation of new or replacement watergoods, typical sectional details shall be submitted to and approved in writing by the Local Planning Authority. Thereafter, the development shall be undertaken in accordance with the approved details.
4. Prior to commencement of the works hereby approved a site meeting between the Council's Conservation Officer and the Contractor shall take place in order to determine the extent of repair and replacement of the historic fabric. The applicant/contractor shall give the Council's Conservation Officer no less than 5 working days' notice in writing of this meeting.
5. The development hereby permitted shall be undertaken in accordance with Section 4.0 'Archaeological Aims' and Section 5.0 'Methodology' of the AEON Archaeology 'Written Scheme of Investigation for Archaeological Watching Brief' (ref: V2.0 - A.0372.1), dated June 2022, at all times during construction and demolition works.
6. Prior to use on site, details of all internal and external materials, including colours and finishes, shall be submitted to and approved in writing by the Local Planning Authority. Thereafter, the development shall be undertaken in accordance with the approved details.
7. Where areas of further investigation are identified, and where not agreed pre-determination, details of this further intrusive investigation must be agreed in writing with the Local Planning Authority prior to implementation. This shall include details of historic fabric to be removed, and any reinstatement works to be completed either once the survey is complete or upon completion of any remedial works identified by such surveys. Where approved surveys are carried out, the results of surveys should be submitted to and approved by the Local Planning Authority in writing, along with specification and method statements for any proposed repairs prior to any remedial works commencing. Thereafter, the development shall be undertaken in accordance with the approved details and works.
8. Prior to use on site, samples of all external facing materials shall be submitted to and approved in writing by the Local Planning Authority. Thereafter, the development shall be undertaken in accordance with the approved details.
9. All re-bedding and re-pointing works shall be carried out using a lime based mortar only. The Council's conservation officer shall be given 5 days' notice in writing of a meeting on site to approve the mix and finish. Works shall only be carried out in strict accordance with such details as are approved.

Applicant	BECKY LOWRY WCBC	**Code No**	WRR P/2022/0789
Agent	LAWRAY ARCHITECTS CRAIG BAUGH	**Date Received**	30/08/2022
		Decision Date	16/01/2023

10. All works of repair to the stonework on the High Street elevation of the building as detailed on the approved drawings shall only be carried out by a suitably qualified specialist appointed by the applicant and agreed in writing with the Local Planning Authority. The works of repair shall not commence until a method statement and specification for repair have been submitted to and approved in writing by the Local Planning Authority. Works shall only be carried out in strict accordance with the details as are approved.
11. No new pipework, extracts, meter boxes, flues, vents or ductwork shall be fixed to or formed through the external walls or roofs of the building until their exact position, type, number and finish has been submitted to and approved in writing by the Local Planning Authority. Works shall only be carried out in strict accordance with such details as approved.

Reason(s)

1. In order to comply with the provisions of the Planning (Listed Buildings and Conservation Areas) Act 1990.
2. To comply with Section 71ZA(2) of the Town and Country Planning Act 1990.
3. To ensure that the detailed specification of the works is satisfactory, and no harm is caused to the heritage asset or the historic environment.
4. To protect the integrity of the Listed Building.
5. To ensure that no harm, or destruction is caused to any archaeological remains or historic features as a result of the demolition and construction works, in the interest of protecting the historic environment.
6. To ensure that the detailed specification of the works is satisfactory, and no harm is caused to the heritage asset or the historic environment.
7. To ensure that the detailed specification of the works is satisfactory, and no harm is caused to the heritage asset or the historic environment.
8. To ensure that the detailed specification of the works is satisfactory, and no harm is caused to the heritage asset or the historic environment.
9. To ensure the works reflect the character and appearance of the building.
10. To ensure the development is carried out in a manner that reflects the existing character and appearance of the Listed Building.
11. To ensure the development is carried out in a manner that reflects the existing character and appearance of the Listed Building.

Note(s) to applicant

1. Planning Application (ref: P/2022/0790) runs concurrently with this Listed Building Consent application. No works approved under this Listed Building Consent can commence until such time as the Planning Application approval is also issued.
