NOTES:

This drawing should be read in conjunction with the respective Arboricultural Survey Data (Appendix A).

A topographical survey (ref: 230705-06-JP 001) was available to inform the production of this drawing. However, no tree stem locations or hedgerow centrelines were included within this survey. Therefore all tree and hedge locations are based on a combination of on-site observations, limited topographical information and aerial photography.
