Description of the Proposal

Description

Please describe details of the proposed development or works including details of proposals to alter, extend or demolish the listed building(s)

We propose to remove the existing, modern windows at the front, side, and rear of the listed building and install new Georgian-style timber windows in their place. The design and proportions of these replacements will reflect the property's early 19th-century origins, with painted timber frames (in "Railings Grey") and period-appropriate glazing bars. No extensions or demolitions are proposed beyond these window alterations.

Additionally, as part of the Listed Building Consent application, we plan a series of sympathetic refurbishments to restore and celebrate the building's Georgian character. These works include repainting the front façade in "Railings Grey," installing a herringbone hardwood floor in areas suffering from rot, adding Regency-style bar fittings and timber library shelving for vinyl records, and providing tasteful, reversible ceiling treatments. All proposed works will be executed with minimal intervention, using materials that respect the historic fabric of the property while enhancing its distinctive period features.

Has the development or work already been started without planning permission?

◯ Yes
⊘ No
