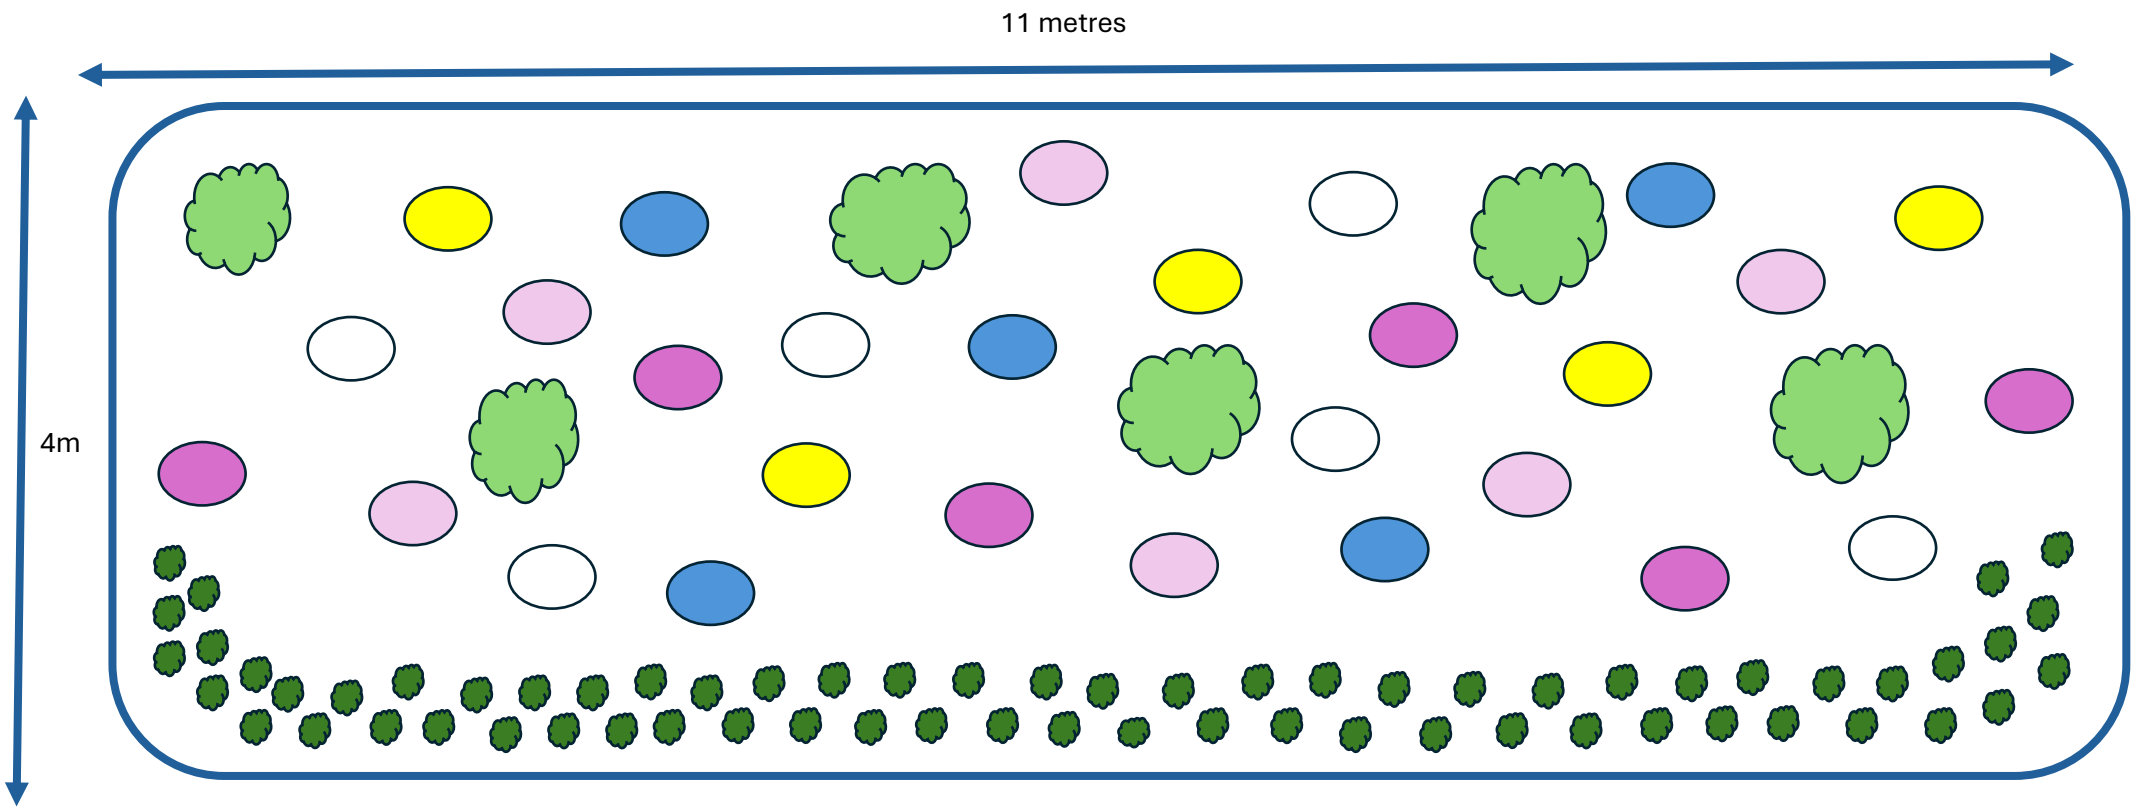

Figure 1: Location plan of Gresford landscaping proposal

Figure 2: Planting plan for Gresford landscaping proposal

Hedging 6 plants/metre: 30% Holly, 30% non-thorny Hawthorn, 10% Wild Privet, 10% Hornbeam, 10% Field Maple, 10% Dog Rose

6 Fruit trees Damson, Crab Apple, Wild Cherry planted @ 3m centres in 2 rows

Bulbs: Snowdrops, Crocus, native Daffodil, Dog Violets and Bluebells planted in groups across the area for successional flowering

Emorsgate EM5 meadow mix, non-productive grasses and native wild flowers sown under the trees will provide summer colour and resource for pollinators.

Annual maintenance required: twice yearly mowing in August and December/January. Hedge cutting after 4 years incremental cutting. Tree pruning after 4 or 5 years to manage growth and shape. Bird boxes can be installed in the trees in later years
