

MEMORANDUM

From: Ian Jones Public Protection
Service Manager

To: David Williams Planning
Control Manager

Our Ref:

Your Ref: P/2020/0024

Date: 03-02-2020

Town and Country Planning Act 1990

Town and Country Planning (General Development Procedure) Order 1996

Re: P/2020/0024, APP CHEM HUGMORE LANE LLAN Y PWLL WREXHAM

RETENTION OF EXISTING BARN, DEMOLITION OF THE EXISTING EXTENSION AND ERECTION OF NEW BUILDINGS TO PROVIDE MIXED BUSINESS USE (B1 AND B8 USE CLASSES) WITH ASSOCIATED CAR PARKING

Environmental Protection

Given the proximity of residential properties to the development I recommend the hours of operation stipulated under section 22 of the planning application be conditioned.

ZP06 - PROTECTION OF AMENITY FROM NUISANCE

All works in relation to the implementation of this permission, including deliveries to and/or leaving the site, shall be undertaken only between the hours of 07.30 to 18.00 Monday to Friday, 08.00 to 14.00 on a Saturday, and at no time on a Sunday or a Bank Holiday.

ZP05 - NOISE GENERATION - BS4142 REQUIRED

In the event that refrigerated storage is used then I recommend the inclusion of the following condition in relation to any chiller units.

The rating level of any noise generated by reason of this development shall not exceed the pre-existing background level by more than 5dB(A) at any time. The noise levels shall be determined at nearby noise sensitive premises, and measurements and assessment shall be made in accordance with BS4142:2014 Methods for rating and assessing industrial and commercial sound.

A25N - DUST MANAGEMENT ADVICE (SCHEME NOT REQUIRED BY CONDITION)

The Applicant is advised that under the Environmental Protection Act 1990, dust from construction and/or demolition activities can be judged to be causing a statutory nuisance to neighbouring properties. A legal notice can be served requiring that any dust nuisance is abated and failure to comply with the requirements of the notice can result in prosecution. The applicant should contact the Council's Environment and Planning Department on 01978 292040 for further advice and information.

A21N - EPA 1990 NOISE NUISANCE ADVICE

The applicant is advised that compliance with condition no. @@ does not provide an exemption from the statutory noise nuisance provisions of the Environmental Protection Act 1990. Any complaints received relating to noise from the development during the permitted hours may still be investigated using the Council's Standardised Procedure for Dealing with Noise Nuisance Complaints and legal action may be taken where appropriate.

A23N - BURNING OF WASTE ADVICE

Burning of waste generated from construction activities is not considered to be an appropriate method of disposal and action may be taken as follows:

- Under the Environmental Protection Act 1990 anyone found disposing of construction site waste by burning is likely to be in breach of their duty of care with regard to waste disposal;
- Under the same Act an abatement notice may be served where smoke is judged to be causing a nuisance to neighbouring properties. Failure to comply with the requirements of such a notice can result in prosecution;
- Under the Clean Air Act 1993 it is an offence for a commercial activity to burn anything that gives rise to dark smoke.

To prevent offences under the above named Acts there should be no bonfires on the site, to include the prohibition of the burning of cleared vegetation. The applicant should contact the Council's Environment and Planning Department on 01978 292040 for further advice and information.
