Description of application

APPLICATION FOR WORKS TO TREE SUBJECT TO TREE PRESERVATION ORDER NO. DCC TPO / 12 – 'WITHIN SHRUB / FLOWER BED ADJACENT TO MAIN LIBRARY ENTRANCE'.

- T34 HORSE CHESTNUT - SECTION FELL TO GROUND LEVEL

In reaching this decision the Council has had regard to the relevant policies in the Wrexham Unitary Development Plan and all agreed council strategies which are as follows:-

- EC4 Hedgerows, Trees and Woodland
- WCBC Tree and Woodland Strategy 2016 - 2026

GRANT OF CONSENT

Subject to the following condition(s):

1. All tree works hereby approved shall be undertaken to the standards set out in British Standard 3998:2010 Tree Works - Recommendations.
2. The tree works hereby approved shall be commenced within one year of consent being granted.
3. All trees removed as part of this consent shall be suitably replaced. Details of the replacement trees including species, stock size and

planting location shall be submitted to and approved in writing by the Local Planning Authority prior to the commencement of the approved works. The approved replacement planting shall be undertaken during the next available planting season following removal, unless a time extension is otherwise agreed in writing by the Local Planning Authority.

Reason(s)

1. To preserve the health, safety and amenity value of the tree(s).
2. To ensure the work is completed within a reasonable time scale.
3. To ensure the character and amenity of the locality is not detrimentally affected in the long term.

Note(s) to applicant

Owner authorisation:

Please be advised that this Decision Notice does in no way provide the applicant / agent with authorisation to enter onto land or property belonging to another person(s) in order to undertake proposed works. Should the applicant / agent wish to gain access onto land belonging to another party then authorisation must be received from the owner of that land prior to undertaking the agreed works. Failure to receive such authorisation from the owner may leave the applicant / agent liable to prosecution.

Bird nesting/breeding season:

All wild birds, their young, their eggs and active nests are protected under law. It is an offence to damage a nest intentionally while it is in use or even being built. Non-urgent tree work involving tree removal/pruning and hedge cutting operations should, if possible be avoided during the bird nesting/breeding season. If necessary, then applicants and contractors are advised to take all reasonable precautions in assessing vegetation prior to undertaking works and must cease operations if at any time a nest is then discovered. Advice from the RSPB indicates the bird nesting season to be from the beginning of March to the end of August however, depending on seasonal temperatures, some birds do continue breeding into September.

Bats:

All bats and their roosts are strictly protected by law. Deliberately capturing, disturbing, injuring and killing bats is prohibited. Damaging or destroying their roosts is also prohibited.

Where bats are suspected to be present, please seek advice from a qualified arboriculturalist or a licensed bat specialist and if appropriate, get the relevant licence/s before you carry out any major tree work or hedge cutting.
