SKETCH 02
INTERNAL COURTYARD SETTING OUT
ELEVATION

REV A - 24/09/24
REV B - 01/10/24
REV C - 15/10/24
REV D - 17/10/24

The columns on Grid Line 1 should be moved to the left approx. 27mm to allow for a 100mm thick leaf of blockwork in board of the steelwork. This will require the existing 190mm wide projection of concrete to be reduced by 30mm to approx. 160mm
