The CEMP shall be implemented as approved during the site preparation and construction phases of the development.

4. Within three months of commencement of the development hereby permitted, a scheme of landscaping, include a timescale for implementation, shall be submitted for the written approval of the Local Planning Authority. The scheme shall be implemented in accordance with the approved scheme. Thereafter, any trees or hedgerows that are removed or become seriously damaged or diseased shall be replaced in the next planting season with others of similar size and species.
5. Within three months of commencement of development a scheme to provide net benefit for biodiversity (NBB) i.e. a better outcome than if the site was left undeveloped, together with a timetable for the implementation of the NBB measures, shall be submitted for the written approval of the Local Planning Authority. The measures shall be implemented in accordance with the approved scheme and thereafter maintained for the lifetime of the development.
6. No development shall commence, including any works of demolition, until a Construction Traffic Management Plan has been submitted to, and approved in writing by, the Local Planning Authority. The approved statement shall be adhered to throughout the construction period. The statement shall provide for:
 - Details of the access arrangements to the site for construction traffic;
 - Details of parking, loading and unloading areas for construction traffic;
 - Details of site parking for construction operative parking;
 - Wheel washing facilities; and
 - Details of any warning signage on the approaches to the site and on site itself to be displayed during the construction period.

In pursuance of its powers under the Acts and Orders referred to below, the County Borough Council as Local Planning Authority, hereby determines your application in accordance with the particulars and plans comprising the application
