MEMORANDUM

From:	Stacey Inglis Contaminated Land Officer	**To:**	Philip Mullineux Principal Planning Officer
Our Ref:	P/2025/0427	**Your Ref:**	P/2025/0427
Date:	20 June 2025	**No. of Pages:**	2

TOWN AND COUNTRY PLANNING ACT 1990

P/2025/0427 – OUTLINE APPLICATION FOR ERECTION OF UP TO 900 DWELLINGS (APPEARANCE, LANDSCAPING, LAYOUT AND SCALE RESERVED)

LAND AT ERLAS PARK, CEFN ROAD, WREXHAM, LL13 9TT

The following contamination assessment has been submitted in support of planning application P/205/0427:

- Hydrock – Ground Condition Desk Study Report, Cefn Park, Wrexham. Dated 29 October 2020.

I can confirm that we are in agreement with the findings and recommendations of the above report and as stated, due to the potential for land contamination as a result of the former backfilled ponds and pesticides, further investigation is required. I would therefore recommend that any future planning consent is conditioned so as to ensure that any potential contamination issues are adequately dealt with. I would recommend the following Condition is applied to the above application if granted.

Conditions

EN01 008R PHASED INVESTIGATION - LAND CONTAMINATION

No development shall take place until a phased site investigation of the nature and extent of contamination has been carried out and submitted to and approved in writing by the Local Planning Authority. If any contamination is found during the site investigation, no part of the development shall commence until a scheme specifying the measures that will be taken to remediate the site to render it suitable for the development hereby permitted has been submitted to and approved in writing by the local planning authority. The site shall thereafter be remediated in accordance with the approved scheme. If during the course of development any contamination is found that has not been identified in the site investigation, no further development shall take place on those parts of the site where that contamination

has been found until an additional scheme of remediation has been submitted to and approved in writing by the local planning authority for those parts of the site. The relevant parts of the site shall thereafter be remediated in accordance with the additional scheme of remediation.

EN03 008R VALIDATION REPORT - CONTAMINATED LAND
Each part of the site subject to the remediation under the scheme(s) approved as part of condition @@ shall not be occupied/used until a Validation Report has been completed in respect of that part of the site and submitted to and approved in writing by the Local Planning Authority.

Informative

INF03 - SITE CONTAMINATION
Further advice on compliance with condition no. @@ may be obtained by contacting the Council's Contaminated Land Officer on 01978 298771 or 297773. Should the investigation identify contamination issues that may affect receptors other than the site users e.g. groundwater, then it is recommended that these works are also addressed in consultation with the Contaminated Land Officer prior to commencement of works on site.

Should you have any queries regarding the above then please contact me on Ext. 8773.
