

I would like to put forward my support for Christmas Farm in Llay. Speaking as a local resident, Christmas Farm enriches our area and is an excellent attraction for people of all ages, especially for families with children.

We have visited the farm as a family many times and it is a lovely experience. There is nothing like this in our area and having these type of businesses only serves to benefit our area. The animals are really well cared for and the site has been built to a very high standard (we have a smallholding and know how much effort goes into this).

Clint and his family are kind and genuine people and are just trying to create something that is a sustainable business and an asset to the community. They deserve the right to appeal and to have all evidence considered in putting forward the case for their application.

Sincerely,
Alexander Edwards
