The Beaumaris Bat Box is made from 100% WoodStone which is incredibly durable so this product has a 10 year warranty

DESCRIPTION

The attractive design of this bat box is suitable for crevice roosting bats and has a rough interior to provide lots of grip. Bats need to increase their body temperature before flight so prefer warm roosting spots, which is why many of our bat boxes have a black exterior to absorb heat from the sun. WoodStone isn't just strong, it also has good thermal insulation, reducing temperature fluctuations inside the box and helping to make this an ideal roost site.

The Beaumaris Bat Box is made from 100% WoodStone which is very durable so this product has a 10 year warranty.

Approx. weight: 6kg

Bat Box – 1x Mounted on the south end wall of the barn
