Hi Sharon,
Just to confirm that we will not be claiming an education contribution for this development due to the lower number of pupils currently on roll, we have also reached our 5 contributions for Darland.
Many thanks
Donna

Hello Donna,

Thanks again for confirming that contributions to schools are not required in this case. Can I ask a quick question please?

Given that we did previously requested that contributions to schools be made, I just wanted to check that the previously secured sums weren't considered somehow as having already been provided (they haven't as the works have not commenced). I'm 99% sure you won't have considered the sum being in the pot, but I just want to be certain before I go back to the agent to confirm that contributions are no longer required.

It's been 5 years, so I am sure school capacities and roll numbers have changed a lot and it is the case that contributions are no longer required.

Many thanks,
Sharon
