Hi Tyler,

We recommended a Level 2 building recording of the building (see email attached) and have not received any contact about the survey. We would need to approve a WSI prior to the survey being started, and following the approval of that WSI, the report would have to be completed to the standards acceptable for an archaeological building survey (see guidelines attached).

There are no documents available on reference number P/2024/0053 for me to check at present, and in this case, we will require the WSI and building record to be approved, prior to any discharge.

Thanks,

Neil

Hi Neil

I am just in the process of writing this one up for a discharge of condition.

I can't find your comments, can you confirm whether you received the photographic survey for p/2024/0053

If so please can you make some comments and forward across so I can discharge the condition.

Kind Regards
Tyler Fox
