

Holt Road, Wrexham – Biodiversity Enhancement Plan Implementation Schedule

INTRODUCTION

This document sets out the implementation schedule for the biodiversity enhancement measures proposed in relation to Bellway's residential development at Holt Road, Wrexham. The proposal includes the provision of bat boxes and bird boxes (for sparrow and starling) as identified on the Biodiversity Enhancement Plan ref. H22-0032-004A rev A [the BEP]. The BEP also identifies the proposed specification of the three box types. This document should be read in conjunction with the BEP.

IMPLEMENTATION SCHEDULE

Bat Boxes

Five bat boxes are proposed at the following plots:

- Plot 1;
- Plot 16;
- Plot 53;
- Plot 55; and,
- Plot 73.

Each box will be installed prior to the occupation of the plot to which it relates.

Bird Boxes (Sparrow)

Five build-in house sparrow nest boxes are proposed at the following plots:

- Plot 17;
- Plot 27;
- Plot 62;
- Plot 71; and,
- Plot 74

Each box will be installed prior to the occupation of the plot to which it relates.

Bird Boxes (Starling)

Five starling nest boxes are proposed within planting areas located along the sites southern and eastern boundaries as identified on the BEP.

These boxes will be installed prior to the occupation of any dwellings within the site.
