Hi Matthew,

Please see attached, our planning responses do always consider the sewerage network and treatment works, so if no concerns are raised, it can be taken that no issues are foreseen.

Best regards,

**Jake MacMillan**

Hi Jake,

Cheers. Would you be able to do a supplemental response just to confirm if there is hydraulic capacity at Five Fords and the wider network to have the hydraulic capacity to accommodate the foul water flows without leading to an increase in the environmental impact of storm overflows.

Regards

Hi Jake,

We consulted you about the above back in July.

We don't appear to have had a response, unless we've missed it somewhere.
