

To whom it may concern,

I would like to register my support for the Christmas Farm, Llay Road, Wrexham. I am a lifelong resident of Wrexham and a new resident to the Caergwrle area. Christmas Farm is a wonderful attraction to those in the local areas and those in the wider Wrexham area!

You can see the care and commitment that goes into Christmas farm and the welfare of the animals is top notch.

As someone who does a lot of outdoor activities (walking, paddle boarding and lake swimming) it would be nice to have the planning permissions granted to encourage even more people to stay local for such activities, rather than travelling further away and actually causing more pollution by car and actually putting back into the local businesses in Wrexham.

Christmas Farm is in a fantastic location for a lot of people to get to, and not far from bus routes for those who don't drive.

Activities and events are also well planned and following to policies to ensure that public safety is number one priority.

I believe that the proposals being made are fantastic and will be a real benefit for the community in wrexham.

As a local resident I am in full support of Christmas Farms' proposals and hope that you will carefully consider the appeal and overturn the marginal planning decision.

Yours faithfully

Natasha Parry-Carter
