

## MEMORANDUM

**From:** Ian Jones

**Head of Service Public Protection  
Service Planning Development**

**Our Ref:**

**Date:** 25-06-2024

**To:** Matthew Phillips

**Head of**

**Your Ref:** P/2024/0221

**Town and Country Planning Act 1990**

**Town and Country Planning (General Development Procedure) Order 1996**

**Re: P/2024/0221, 9 THOMAS COURT, WREXHAM, LL13 8QN**

**GOSOD PWMP GWRES YR AWYR AC INSIWLEIDDIAD YN Y WAL ALLANOL A GWAITH  
CYSYLLTIEDIG / INSTALLATION OF AIR SOURCE HEAT PUMP AND EXTERNAL WALL  
INSULATION AND ASSOCIATED WORKS**

**A22NA – MINOR DEMOLITION CONSTRUCTION NOISE**

All works in relation to the implementation of this permission, including deliveries to and /or leaving the site, should be undertaken only between the hours of 07.30 to 18.00 Monday to Friday, 08.00 to 14.00 on a Saturday, and at no time on a Sunday or a Bank Holiday. Outside these times, any works which are audible beyond the site boundary have the potential to cause unreasonable disturbance to neighbouring premises.

The applicant is advised that the Council has the option to control construction noise by serving a Control of Pollution Act 1974, Section 60 Notice where deemed necessary, and failure to comply with such a Notice can result in prosecution.

The applicant is further advised that any complaints received relating to noise of any type from the development may also be investigated using the Council's Standardised Procedure for Dealing with Noise Nuisance Complaints. This is done under the Statutory Nuisance provisions provided within the Environmental Protection Act 1990, and legal action may be taken where appropriate.

The applicant must adhere to the times given above wherever possible. If, however, there are urgent or unavoidable circumstances requiring work outside of the specified times, permission to proceed may be sought by contacting Environmental Health & Housing Standards at [healthandhousing@wrexham.gov.uk](mailto:healthandhousing@wrexham.gov.uk) or 01978 292040. Please use the same contact details for any other enquiries regarding construction / demolition site noise.

## RPT 2 - REPORT REQUIRED

Due the close proximity of residential properties this section is unable to make any recommendations without a MCS calculation for noise from heart pump contained in the MICROGENERATION INSTALLATION STANDARD: MCS 020 available on the MCS website <https://mcs-certified.com>.

Please note that if the applicants preferred unit fails to meet the standard for permitted development, as defined in the above document, and an alternative quieter model that does can't be sourced it will be necessary to complete a noise assessment.
