Dear Sir or Madam,

I cannot believe this is still ongoing after a lot of people went to say no to it being put on the corner of Percy Rd and Stockwell Grove, so near to all the flats and bungalows and also a school right opposite my flat, St Christopher. The meeting as you will see was 31st January and I'm sure everyone will be still against it. I'm sure it could be put in a much better situation than by where children go to school and I have a daughter and her husband in the Hermitage + a granddaughter and 2 grand children in Percy Rd.

It's frightening to think what emissions it will be sending out over the years to come.
Yours sincerely

58 Stockwell Grove
