Annwyl Syr/Madam/Dear Sir/Madam,

BWRIAD/PROPOSAL: Erection of covered manure store and all associated works

LLEOLIAD/LOCATION: Ridley Wood Farm, Ridley Wood, Wrexham, LL13 9US

Thank you for consulting Cyfoeth Naturiol Cymru (CNC)/Natural Resources Wales (NRW) about the above, which we received on 26 January 2024.

We have no objection to the proposed development as submitted and provide the following advice.

Protected Sites – River Dee Special Area of Conservation (SAC)

We note the application site is within the catchment of the River Dee Special Area of Conservation (SAC). As you are aware, on the 21st January 2021, we published an evidence package outlining phosphorus levels for all river SACs across Wales. In line with our [Planning Advice](#) (August 2023), under the Habitats Regulations, Planning Authorities must consider the phosphorus impact of proposed developments on water quality within SAC river catchments.

However, the application as submitted is unlikely to increase the amount of phosphorus entering the catchment. Therefore, we are satisfied that the proposal is not likely to have a significant effect on the River Dee SAC.

Other Matters

Our comments above only relate specifically to matters included on our checklist, *Development Planning Advisory Service: Consultation Topics* (September 2018), which is published on our [website](#). We have not considered potential effects on other matters and do not rule out the potential for the proposed development to affect other interests.

We advise the applicant that, in addition to planning permission, it is their responsibility to ensure they secure all other permits/consents/licences relevant to their development. Please refer to our [website](#) for further details.

If you have any queries on the above, please do not hesitate to contact us.

Yn gywir / Yours sincerely,

Samuel Price
