Morning Matthew,

The uploads have now been completed. I understand CPAT have confirmed to Peter McCrone that the report and archive as uploaded are acceptable.

Trust that CPAT should now be able to give you confirmation to discharge the conditions.

Any queries, please let me know.

Kind regards
Olivia

Morning Matthew,

I have just spoken with Peter again.

I am told the upload of all photographic files should be with CPAT by Monday. I have asked for confirmation when this process is complete and will pass this confirmation on to you so as you can consult CPAT as appropriate.

Kind regards

Hi Matthew,

Further to Mondays update I have chased Peter McCrone again. Awaiting on confirmation that the high res files have been uploaded to satisfy all of CPAT's requirements. I will come back to you as soon as possible.

Apologies I appreciate you need to get this signed off, I am pushing our end as much as possible.

Be in touch.

Good afternoon Matthew,

My apologies for the delay in responding – I had been on leave and missed your email coming in.

I do apologies for the considerable delay with getting this final element submitted to CPAT, I know the application has been stationary for some time.

The Consultant that holds the photograph files Peter McCrone, has had some problems and as a result we have not been able to get output.

I have spoken with Peter today who has assured me this is now being addressed as a priority.

We have been dealing with Peter on another scheme and there has very recently been progress on this to get it signed off by CPAT, so I am more confident we should now see the required elements being submitted in regard to the above.

I will touch base with Peter again in the next few days now he is up and running and hope to have a progress update for you ASAP.

Apologies again for the inconvenience.

Kind regards

Hi Matthew,

Apologies I have been meaning to touch base with you on this. We spoke with Mark Walters at CPAT yesterday on another matter and progressing this application was also discussed. We are having considerable delays with Peter McCrone progressing outstanding work, who I understand has personal matters ongoing.

We are on the case and are seeking this be complete, but are very much in the hands of Peter on this one. With another scheme I have suggested Peter passes us the files and we progress with the Archive and CPAT and I will be looking to do the same with this application, provided this is achievable.

I apologise for the delay but for now we can only await the input as above.

I will let you know as soon as this is actioned.

Hi Matthew,

Apologies for the delay with this.

Peter McCrone has liaised with CPAT with guidance for the deposition to the Archive, however has a list of projects to upload to the archive, ours being one. Unfortunately when I last spoke with Peter he could not confirm a specific date this would be undertaken by, although I have chased for an update and that we now need an indication on timeframes.

I will let you know when I hear back from Peter - until the archive upload is complete, I suppose we can only wait.

Kind regards

Afternoon Matthew, (Apologies for misspelling of your name on heading)

Regarding the planning application referenced above, part of P/2018/0666.

As yet we have not received the completed report from the contractor, or the agent, and as such we are still in the part-discharge state.

The report will have to be deposited with the HER via the usual method for the full discharge.

Kind regards,

Neil

Good afternoon,

Thank you for the information regarding the discharge of condition for the application referenced above.

The Photographic Survey has been approved and the condition can be part-discharged.

For full discharge the photographic survey report must be submitted in high resolution PDF format, along with the accompanying original digital camera files to Clwyd-Powys Historic Environment Record. Please submit the required data to CPAT HER via [HEDDOS](#).

If you have any questions regarding this process, please contact the HER Team at her@cpat.org.uk.

Kind regards,

Neil Bayliss
