Hi Gwyn

Thanks for forwarding the comments on. With respect of the NRW comment which refers to foul being discharged via septic tank; this was a mistake on my part when completing the application form. The temporary cabin will not accommodate a toilet and sales staff will be required to utilise staff welfare facilities until such time as the show homes have completed.

Concerning the Welsh Water response, all matters noted however I would refer that it states that there is a public sewer crossing the site which is not the case.

Kind regards
Sean
