Dear Sharon,

Thank you for consulting Natural Resources Wales on the above application.

We contacted you on 05/12/23 advising that further information regarding foul drainage should be submitted for review before we are able to provide you with a substantive response.

We understand that to date, you are waiting for that information to be submitted by the agent/applicant.

In order for us to provide you with comments on the proposed development we require the submission of the above information.

Therefore, we look forward to being formally re-consulted when this information is available.

Kind regards,
Rachael Burke
