

To Whom It May Concern,

I am writing to express my strong support for the planning application for the Christmas Farm on Llay Road. This project promises to bring numerous benefits to our area, local residents, and other local businesses.

Firstly, the Christmas Farm will attract visitors from both within and outside our community, providing a much-needed boost to our local economy. Increased foot traffic will inevitably lead to higher sales for nearby shops, cafes, and service providers, fostering a more vibrant and prosperous business environment.

Additionally, the Christmas Farm will offer a unique and enjoyable destination for families and individuals, enhancing the quality of life for our residents. It will create opportunities for community engagement and seasonal celebrations, further strengthening our local social fabric.

Moreover, the development of the Christmas Farm will create new job opportunities, both directly on the farm and indirectly through increased demand for local services. This will contribute to reducing unemployment and supporting economic growth in our area.

In summary, the Christmas Farm on Llay Road represents a valuable addition to our community, bringing economic, social, and employment benefits. I wholeheartedly support this planning application and encourage its approval for the betterment of our area.

Sincerely,

Jean Rees
