

KEY

GENERAL INFORMATION

- = Trust land boundary ownership
- = Planning application boundary
- = Tree canopy line to be retained
- = Root protection area

PLACES

- Proposed Shop, Office and Facilities (see drawing 1938 35)
- Proposed Pump Out and Fuel Store (refer to drawing 1938
- Bin Store location
- Gas Bottle Store location

Drainage Key

- = Surface water drainage route
- = Foul water drainage route
- = Foul water pump out route
- = Existing foul water drainage route (location and level to be checked and confirmed)

- RWP = Rain Water Pipe, to drain into trapped gully pot
- = ACO slot drain
- = Foul water holding tank location, approximate 48000 liters capacity TBC
- = Surface water Inspection chamber
- = Foul water inspection chamber
- = Pump out run inspection box
- = Proposed man hole to connect to existing sewage system
- = Existing Inspection chamber location
- = Existing man hole location

BOATING SERVICE BOLLARDS / OUTLETS

- = Fuel service point (refer to specialists deign)
- = Foul pump out service point
- = Electricity service point
- = Water service point

OTHER SURFACE AND FOUL WATER MANAGEMENT

- = Proposed surface water outflow location into the canal
- = Foul water holding tank Location

- = Proposed approximate external finish level (MAMSL) (All falls to run away from buildings to permeable ground or canal)

IMPORTANT NOTE : NEW MANHOLE (MAGENTA) TO BE CONSTRUCTED NEXT TO AND CONNECT INTO EXISTING MANHOLE (BROWN) TO DIRECT FOUL WATER FROM SITE OUT TO MAIN SEWER LINE

THIS DRAWING AND THE DESIGNS DEPICTED ARE THE COPYRIGHT OF CANAL AND RIVER TRUST AND MAY NOT BE REPRODUCED OR MADE USE OF, EITHER DIRECTLY OR INDIRECTLY WITHOUT EXPRESS WRITTEN CONSENT.
