Subject: P/2024/0239 - LAND TO THE NORTH AND SOUTH OF LANE FARM ROSSETT ROAD
TREVALYN ROSSETT (Minor) v2 - NRW Response NRW:00968738

Dear Mr Humphreys,

We refer to the applicant's email dated 7th May 2024 in relation to the above application, and note that a septic tank will now not be installed.

We have no objection to the proposed development as submitted and provide the following advice.

We note the application site is within the catchment of the River Dee and Bala Lake Special Area of Conservation (SAC). As you are aware, on the 21st January 2021, we published an evidence package outlining phosphorus levels for all river SACs across Wales. In line with our [Planning Advice](#) (August 2023), under the Habitats Regulations, Planning Authorities must consider the phosphorus impact of proposed developments on water quality within SAC river catchments.

However, the application as now submitted is unlikely to increase the amount of phosphorus entering the catchment. Therefore, we are satisfied that the proposal is not likely to have a significant effect on the River Dee and Bala Lake SAC.

If you have any queries please do not hesitate to contact me.

Kind Regards,

Gareth Thomas
