Notes:

Whilst every reasonable effort has been taken to correctly record the pipe material of DCNW assets, there is a possibility that in some cases pipe material (other than Asbestos Cement or Pitch Fibre) may be found to be asbestos cement (AC) or Pitch Fibre (PF). It is therefore advisable that the possible presence of AC or PF pipes be anticipated and considered as part of any risk assessment prior to excavation.

Dŵr Cymru Cymru (the Company) gives this information as to the position of its underground apparatus by way of general guidance only and on the understanding that it is based on the best information available and no warranty as to its correctness is relied upon in the event of excavations or other works made in the vicinity of the Company's apparatus. The user of this information is advised to carry out any excavations made with care. The information which is supplied by the Company is done so in accordance with statutory requirements of sections 105 and 106 of the Water Industry Act 1991 which is a legal requirement for the Company to provide this information. It is not intended to be a guarantee of the accuracy of the information. It is the user's responsibility to ensure that the information is used for the purposes for which it is intended. The Company's liability is limited to the extent of the information provided. The Company's liability is limited to the extent of the information provided. The Company's liability is limited to the extent of the information provided.

Service pipes are not generally shown but their presence should be anticipated.
