Application P/2022/0869

Erection of 9 dwellings land east of Cadney Lane, Bettisfield

Dear Sir,

I strongly object to the above dwellings being erected in this village. Cadney Lane has a strong rural character with wide verges and hedgerows. It has restricted width for two vehicles to pass each other and narrows to a single lane in parts. Housing development, as above, would harm the special character of Cadney Lane. The development would serve to join up and consolidate the existing frontage development along Cadney Lane and would accentuate this ribbon like form of housing across the landscape area. Bettisfield is a village devoid of facilities and employment opportunities and occupants of the new housing would be heavily reliant on the use of the car for access to these requirements in other centres.

The land is not a sustainable location for housing development as it would lead to loss of greenfield land and would result in a detrimental incursion into the rural landscape.

Yours sincerely
