To Whom it May Concern,

Duly noted in comments from WCBC surrounding said installation of 5G mast in the vicinity of Stockwell Grove, the application being sought must be thrown out & denied forthwith. To add to earlier concerns, obviously others will comment on health & safety, others on visual aesthetics, the main drive is repeated here whereby at law is of the greatest concern.

Act of Settlement (1700) 1700 CHAPTER 2 12 and 13 Will 3

An Act for the further Limitation of the Crown and better securing the Rights and Liberties of the Subject

IV The Laws and Statutes of the Realm confirmed.

And whereas the Laws of England are the Birthright of the People thereof and all the Kings and Queens who shall ascend the Throne of this Realm ought to administer the Government of the same according to the said Laws and all their Officers and Ministers ought to serve them respectively according to the same The said Lords Spiritual and Temporal and Commons do therefore further humbly pray That all the Laws and Statutes of this Realm for securing the established Religion and the Rights and Liberties of the People thereof and all other Laws and Statutes of the same now in Force may be ratified and confirmed And the same are by His Majesty by and with the Advice and Consent of the said Lords Spiritual and Temporal and Commons and by Authority of the same ratified and confirmed accordingly.

In reading the above, the message is simple, all are equal under the law, no one is therefore above said law. However those who wish to look after the interests of the people, who manage entities & services for the people must do so according to the best of their abilities.

To sum up, planning permission must be denied, the people have spoken, you being Trustees have a duty to look after the interests of the people of the Public Trust. In this instance you do not have permission to allow planning for this 5G mast.
