Afternoon Gwyn,

Hope you are well?

Regarding the application that has been submitted (P/2014/0905). We have gone through the Contaminated Land Report and attached to this email I have provided the evidence for the below plots:

- Plot 78
- Plot 102 – 105
- Plots 149 – 151
- Plots 163 – 168
- Plot 231 – 237 – which is linked to this application.
- Plots 351-353 – which is linked to this application.

We currently do not have the information for plots 246 – 250 for the remediation works.

Please could we have this application (P/2023/0567) as an open-ended application? Therefor when we received, the information for plots 246 – 250 we can send these over to yourself for approval.

Kind Regards,

Hannah
