Hi Ellie, the document attached is the WSI (Written Scheme of Investigation), not the final report.

The Final Report will need to be approved prior to deposition with the HER team at CPAT, by the archaeological contractor, for the discharge to be completed.

Kind regards,

Neil

Good afternoon,

Regarding the discharge of the Archaeological condition - Level 1 Building Recording (Photographic Survey) on application P/2020/0742.

The Photographic Survey report has not been received as yet; we approved a WSI for the work in April 2022, but no final copy has been submitted for approval.

We will require a copy of the report for approval before the final report, and all the related data, are submitted to the HER team via the HEDDOS portal. Once the report is approved by the HER team, we will receive an automated email and the condition can be discharged.

Kind regards,

Neil Bayliss
