Your Ref: - CAS-02623-X7R1L2

Dear Sirs,

Land at corner of Percy Rd/Stockwell
Grove, Wrexham - S. 78 Appeal - T&CP
Act 1990 - Erection of Telecommunications
Mast = 17m high SG.

I refer to the above S 78 Appeal
and wish to state my objections
to the proposal. The Equipment
cabinets are to be placed in a
position that would be detrimental to
vehicles being able to see at the
junction of Stockwell Grove entering
in to Percy Rd looking to the right.
The mast is to be 17m high and
is too high and close to the
flats including mine. There will
be a significant loss of amenity
in the street scene as a result
which will be detrimental to
the residents living at Percy
Rd & Stockwell Grove. The siting
of the mast is therefore is
inappropriate. The sheer height of
the proposal will be overbearing.

Please inform me of the Appeal
decision letter. Yours faithfully
