Hi Gwyn and Jennifer,

Sorry for the delay in responding to your email. Some how it was overseen.

Jennifer- thank you for the feedback. And advise.

1. With regards to the comment that we wish to submit a sperate application with regards to 'upgrade, services, and appearance'. My colleague who has now left was dealing with this application. I cannot locate this text.
I presume it's a simple delete of the text.
2. Thank you for accepting the replacement of the stairs.
3. Thank you for agreeing to the side windows- these have been adjusted to your comments.
4. The proportion of the windows is adjusted as per your comment.
5. I have adjust the proportion of the glazing bars to the extension so that the pains are portrait rectangle.
6. The applicant would be happy to replace the surviving windows on the basis that the glazing bars are closely replicated and it is slimline double glazing.

Please find attached the updated drawings for your approval.

Regards

Craig Marston Director
