Dear

Further to my recent visit I have pleasure in submitting my quotation of
for tree work as follows.

Location:Above address.

Tree species:Oak.

Works required:Reduce the Oak tree overhanging the rear garden by approximately
2 meters on the sides back to suitable points retaining a good shape
and form to the tree.

Remove deadwood from the crown of the tree and reduce the remaining
crown by approximately 2 meters to improve shape and form.

Remove crossing and rubbing branches and crown clean the tree
as required.

Crown raise the lower branches over the garden to improve clearance
to approximately 5 meters.
