Subject: RE: P/2023/0135 Gatewen Road Enabling [LICH-DMS.FID220343]

Hi Gwyn

I think there has been a misunderstanding on my part, the comment from NRW are only requesting details of the lighting during the construction phase to be able to assess the mitigation, not reiterating their comments from before. Did you explain to NRW about the lighting during construction? That there are no floodlights proposed and that construction will be limited to daylight hours and there will be no night time construction during the winter months?

The only light would be a security light on the compound which only turns on when detecting movement.

I trust the issues should not be resolved. Please can you chase this up with NRW?

Kind regards

Imogen
