

In pursuance of its powers under the Acts and Orders referred to below, the County Borough Council as Local Planning Authority, hereby determines your application in accordance with the particulars and plans comprising the application

Applicant	MR R JONES	Code Number	WRA P/2017/0352
Agent	MR R JONES 3 FFORDD GARMONYDD WREXHAM LL12 8JD	Date Received	05/05/2017
		Decision Date	07/07/2017

Town and Country Planning Act, 1990

Location of application

3, FFORDD GARMONYDD, , WREXHAM, LL12 8JD

Description of application

SIDE AND REAR EXTENSIONS

In reaching this decision the Council has had regard to the relevant policies in the Wrexham Unitary Development Plan which are as follows:-

GDP1	Development objectives
PS2	Development and the environment
T8	Parking

Revision	Date	Description of Decision
0	07/07/2017	Planning permission issued

Particulars of decision that permission be GRANTED

Subject to the following:-

Condition(s)

1. The development hereby permitted shall be commenced before the expiry of five years from the date of this permission.
2. The development shall only be carried out in strict accordance with the details shown on the approved drawing(s) numbered 2017/08/02 and contained within the application documentation.

Reason(s)

1. To comply with Section 91(3) of the Town and Country Planning Act, 1990.
2. To define the scope of the planning permission

Date Received 05/05/2017

Decision Date 07/07/2017

Note(s) to applicant

You should ensure that any difference between the plans approved under the Town and Country Planning Acts and under the Building Regulations is resolved prior to commencement of development, by formal submission of amended plans.

You are advised that building work which involves work on an existing wall shared with another property, building on the boundary with a neighbouring property or excavating near a neighbouring building may require the separate consent of the neighbour under the provisions of the Party Wall Act. If you require further information or advice please contact the Building Control Section on 01978 292050.

All works relating to this development which are audible beyond the site boundary should be carried out only between 7.30 and 18.00 hrs Monday to Friday, and 08.00 to 14.00 hrs on a Saturday, and at no time on a Sunday or a Bank Holiday. Outside these times, any works which are audible beyond the site boundary have the potential to cause unreasonable disturbance to neighbouring premises.

The applicant is advised that the Council has the option to control construction noise by serving a Control of Pollution Act 1974, Section 60, Notice where deemed necessary, and failure to comply with such a Notice can result in prosecution.

The applicant should adhere to the times given above wherever possible. For further information and advice regarding construction noise please contact the Council's Housing and Public Protection Department on 01978 315300.

The proposed development lies within an area that has been defined by the Coal Authority as containing potential hazards arising from former coal mining activity. These hazards can include: mine entries (shafts and adits); shallow coal workings; geological features (fissures and break lines); mine gas and previous surface mining sites. Although such hazards are seldom readily visible, they can often be present and problems can occur in the future, particularly as a result of development taking place.

Applicant	MR R JONES	Code Number	WRA P/2017/0352
Agent	MR R JONES 3 FFORDD GARMONYDD WREXHAM LL12 8JD	Date Received	05/05/2017
		Decision Date	07/07/2017

It is recommended that information outlining how the former mining activities affect the proposed development, along with any mitigation measures required (for example the need for gas protection measures within the foundations), be submitted alongside any subsequent application for Building Regulations approval (if relevant). Any form of development over or within the influencing distance of a mine entry can be dangerous and raises significant safety and engineering risks and exposes all parties to potential financial liabilities. As a general precautionary principle, the Coal Authority considers that the building over or within the influencing distance of a mine entry should wherever possible be avoided. In exceptional circumstance where this is unavoidable, expert advice must be sought to ensure that a suitable engineering design is developed and agreed with regulatory bodies which takes into account of all the relevant safety and environmental risk factors, including gas and mine-water. Your attention is drawn to the Coal Authority Policy in relation to new development and mine entries available at: <https://www.gov.uk/government/publications/building-on-or-within-the-influencing-distance-of-mine-entries>

Any intrusive activities which disturb or enter any coal seams, coal mine workings or coal mine entries (shafts and adits) requires a Coal Authority Permit. Such activities could include site investigation boreholes, digging of foundations, piling activities, other ground works and any subsequent treatment of coal mine workings and coal mine entries for ground stability purposes. Failure to obtain a Coal Authority Permit for such activities is trespass, with the potential for court action.

Property specific summary information on past, current and future coal mining activity can be obtained from: www.groundstability.com or a similar service provider.

If any of the coal mining features are unexpectedly encountered during development, this should be reported immediately to the Coal Authority on 0345 762 6848. Further information is available on the Coal Authority website at:
www.gov.uk/government/organisations/the-coal-authority
