

Site Inspection Report (Arboriculture) Completion of Arboricultural Operations – Monitoring Form

Site Name: Network Sports
Site Address: Bryn Lane, Wrexham Industrial Estate, LL13 9UT.
Client Name: Network Sports
Agent: CBRE
Instructed By: John Hughes (Network Sports)
Date of Site Inspection: 28 th November 2022
Completed By: Mike Wood (Principal Arboricultural Consultant), on behalf of Treework Environmental Practice Contact details: e. mike@treeworks.co.uk
Operation Completed / Additional Works Required Inspection of site to assess finished works, following an initial assessment on 20th July 2022. All works are now complete, including: 1. Installation of substations (x2) and compound 2. The open trench, recorded in July 2022 has now been filled in. 3. Section of hedge (H3) has been removed to facilitate the installation of a duct between the substation and main site. 4. There does not appear to be any ground disturbance between the edge of the substation works and T2. The nearest observed works are 7m from the tree (as recorded in July 2022). 5. There does not appear to be any ground disturbance within 9m of T3 and 6m of T4 from the installation of the duct through hedge H3. No further works are required and the majority of materials have been removed from the site.
