Dear Sir / Madam,

Thank you for consulting Natural Resources Wales on the above application.

We have contacted you previously advising that clarification on the discharge of conditions is required as the consultation letter differs from the conditions listed in the application form – in particular whether Condition 16 (Ecology) was to be considered in the consultation.

If the application was to include the discharge of condition 16, further information regarding ecological surveys would need to be included in the application documents before we are able to provide you with a substantive response.

In order for us to provide you with comments on the proposed development we require the submission of the above information.

Therefore, we look forward to being formally re-consulted when this information is available.

If you have any queries please do not hesitate to contact me.

Kind Regards
Rachel Burke
