Hi Sharon,

Thank you for consulting us on the discharge of conditions application at Bersham Bank Colliery Tip.

The consultation letter states that the discharge of conditions relates to '6 (WORKING PLAN), 14 (NOISE), 16 (ECOLOGICAL SURVEY) AND 23 (ABORICULTURAL METHOD STATEMENT) OF PLANNING PERMISSION P/2015/0337' however the application form on the portal states that it is for the discharge of conditions 6 and 23.

We note that a Phase 1 Habitat Plan drawing has been uploaded to the portal in relation to 'ecology submission' however there is no other information regarding ecological surveys (as required by condition 16).

Please could you confirm whether the consultation is to include consideration of discharging condition 16 (ecology)? If the application does include for discharge of condition 16, please could you confirm whether any additional reports / survey results etc are available in relation to discharging the condition.

Many thanks for your assistance,

Rachael
