Subject: Re: Planning Application P/2022/0481 - Graig y Corn, Bwlchgwyn

Hello Gwyn

Please see below from the applicant reference the proposed stock. I will get the PEA and drainage details to you asap.

"The proposal won't lead to an increase in stock at the site as the buildings have now been in place for the last few years.

We do have a handful of Blue Faced Leicester sheep that we are planning on breeding from and we will be buying in a small number of cattle youngstock to run on over the winter. They will all be housed on straw deep litter bedding that will then be used as fertiliser on the fields."

Regards

Simon Smith - MRTPI
