Good afternoon,

Regarding Wrexham planning application P/2022/0118 at Brookside Cottage, Trevor Hall Road, Garth, Llangollen.

Information held within the regional Historic Environment Record indicates that the proposal includes alterations to a dwelling shown on the Tithe Map of 1838 and the demolition of an outbuilding visible on the 1st edition Ordnance Survey mapping of 1891.

It would be unfortunate if these buildings were altered further without a record of their current form and layout being retained. I would therefore ask that the applicant is required to commission a Photographic Survey before development commences, to preserve a record of these buildings. The photographic survey is recommended following guidance in TAN 24 (May 2017) and planning Policy Wales (Feb 2021). **The photographic survey will be completed by an archaeological contractor.** To facilitate this, I would ask that an appropriate planning condition is attached to any permission granted, and I include below a suggested condition which you may wish to consider using:

Suggested planning condition to facilitate a photographic survey prior to development:

Development shall not begin until an appropriate photographic survey, (equivalent to an Historic England level 1 Survey - Understanding Historic Buildings, 2016) of the existing buildings has been carried out in accordance with details to be submitted to, and approved by, the Local Planning Authority. **The photographic survey will be completed by an archaeological contractor.** The resulting digital photographs and plans should be forwarded on appropriate digital media to the Local Planning Authority and the Development Control Archaeologist (Clwyd-Powys Archaeological Trust, The Offices, Coed y Dinas, Welshpool, Powys, SY21 78RP. Email: neil.bayliss@cpat.org.uk Tel: 01938 553670/552045). After approval by the Local Planning Authority, a copy of the photographic survey should also be sent to the Historic Environment Record Officer, Clwyd-Powys Archaeological Trust, The Offices, Coed y Dinas, Welshpool, Powys, SY21 8RP for inclusion in the regional Historic Environment Record and the full digital archive will be sent to the National Monuments Record, RCAHMW.

Reason:

To secure a full photographic record of the original building prior to alteration, conversion, or demolition.

I have attached a guidance note on completing photo surveys together with information on sources of archaeological contractors who would be able to complete the survey on behalf of the applicant. All the attached documents must be forwarded to the applicant so that they are fully aware of the requirements and procedures.

Kind regards,

Neil
