Good Afternoon,

Reference: **8150117938**

Based on the information given and the address provided I can confirm that a site visit is not necessary for this location. I have enclosed our general conditions, please adhere to HS(G)47 and we are happy for you to hand dig on site, with a copy of our plans present. Should scope of works change please let us know and note that we require a minimum of 10 day's notice to arrange a site visit should it be required.

Our records show those pipes owned by Wales & West Utilities (WWU) in its role as a Licensed Gas Transporter (GT). Service pipes, valves, syphons, stub connections, etc. may not be shown but their presence should be anticipated. No warranties are therefore given in respect of it. They also provide indications of gas pipes owned by other GTs, or otherwise privately owned, which may be present in this area. This information is not information of WWU and WWU is unable to verify this information or to confirm whether it is accurate or complete.

In the event of a gas escape, please call our emergency number (0800 111999). Let us know if the scope of your works change or if you require any further assistance.

Kind Regards

Alex Forster

Plant Protection Team, Administrative Assistant
