Annwyl Syr/Madam / Dear Sir/Madam,

**BWRIAD / PROPOSAL: RHYDDHAU AMOD 5 (DRAENIO) O CANIATAD CYNLLUNIO
P/2013/0823 / DISCHARGE OF CONDITION 5 (DRAINAGE)
OF PLANNING PERMISSION P/2013/0823**

LLEOLIAD / LOCATION: LAND AT, WREXHAM ROAD, HOLT, WREXHAM, LL13 9TS

Thank you for consulting Cyfoeth Naturiol Cymru / Natural Resources Wales about the above, which we received on 20.10.2022.

We have concerns with the application as submitted. We do not recommend your Authority discharges condition 5 for the following reasons.

Protected Sites - Foul Drainage

We note the application site is within the catchment of the River Dee and Bala Lake Special Area of Conservation (SAC). As you are aware, on the 21st January 2021, we published an evidence package outlining phosphorus levels for all river SACs across Wales. In line with our [Planning Advice](#) (July 2022), under the Habitats Regulations, Planning Authorities must consider the phosphorus impact of proposed developments on water quality within SAC river catchments. We therefore advise you to consider whether the proposals, as submitted, would increase the volume of foul discharge from the site in planning terms.

We note from the information submitted that the development has the potential to increase the amount of phosphorus being discharged from the site (the 'Adoptable drainage layout' Drawing No. 881986, indicates proposals to discharge foul flows to the public sewer). As such, we refer you to our Planning Advice and advise you to seek further information as identified in the section titled 'What does this mean for development proposals involving connection to public wastewater treatment works'.

Provided this advice is followed and you are able to conclude that the development is not likely to have a significant effect on the SAC, we would have no objection to the proposal. However, should you conclude that the proposed development is likely to have a significant effect on the SAC, please consult us on your Appropriate Assessment under Regulation 63 of the Conservation of Habitats and Species Regulations 2017 (as amended).

Other Matters

Our comments above only relate specifically to matters included on our checklist, *Development Planning Advisory Service: Consultation Topics* (September 2018), which is published on our [website](#). We have not considered potential effects on other matters and do not rule out the potential for the proposed development to affect other interests.

We advise the applicant that, in addition to planning permission, it is their responsibility to ensure they secure all other permits/consents/licences relevant to their development. Please refer to our [website](#) for further details.

If you have any queries on the above, please do not hesitate to contact us.

Yn gywir / Yours faithfully,

Sara Thomas
